

## Schools Price List – 2010

### Ordering Information

A common complaint about school photos is the restrictive pack sizes, whereby you get too many of one size, not enough of others, and additional prints are extortionately priced. We don't have any pre-set packages, just competitively priced prints. You can order any combination of images in any combination of sizes, subject to a **minimum total order price of £12.**

### 12"x18" Calendars (New for 2010)

We are pleased to include a new product exclusively for our Schools clients: a bespoke 12"x18" calendar. At just £10 each, these are perfect to stick to your fridge, take to work, or as gifts for relatives.

Each calendar shows a full 12 month period, either July-June (for summer-term photo shoots) or January-December (for autumn-term photo shoots).

12"x18" Calendar £10.00

For each calendar sold, £1 is donated straight to your school.

### Display Prints

Prints are available in a range of sizes and finishes. Smaller sized prints are provided in free-standing, black strut mounts ideal for a mantelpiece, sideboard or table. Larger prints can be supplied ready to hang in a bespoke, hand finished frame or as a wrap-around canvas.

Our framed prints are individually double-mounted and framed by hand. We use non-reflective glass as standard. There are a selection of solid wood frames to choose from to suit any home (Black, Bronze, Gold, Silver, Antique Oak, Charcoal). Please indicate your frame preference on your order form.

Please note, as this is a bespoke service, the delivery time for framed prints is necessarily longer than standard prints, and therefore framed prints will be delivered direct to your door as soon as they are available (estimated delivery time approx 4-6 weeks from order date).
