

Wedding Price List – 2011

Wedding Packages

Our philosophy is simple: you deserve the best. That's why no matter which of our gorgeous album / book / DVD packages you choose, you are assured of the same quality, attention to detail and range of images from which to make your selection.

We will cover everything from bridal preparations to the reception, and to help you get the best from every shot we will also arrange for the two of you to come in for a portrait sitting prior to the wedding. There you'll spend time with Jackie, make friends with the camera, and help make your big day even more enjoyable. And yes: it's included in the price!
